

Grayrock 25 – 27 June in Lovells.

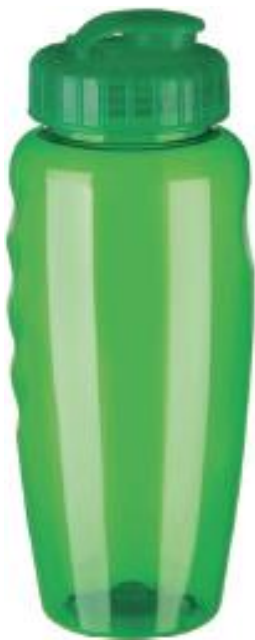

It is snowing about an inch an hour here right now so thinking about June and Grayrock is very pleasant. Don't forget to get your registration to Grayrock in before June to get the lower fee.

Judy, our caterer, is working on the menu and it looks pretty good. Couple extra pounds in there for some of us....

Wes Cooper will be back to present the Cooper Award.

Scott Grady is taking care of the Taper Time Event: tapers for a 7'6' rod. Don't forget to get your information to Scott at: [oossg@vbe.com](mailto:oossg@vbe.com). This is a good chance to share your favorite tapers and get some information on tapers you may want to try out.

We are working on the Ladies Days program to provide some suggestions for spouses to do while the Rodmakers jabber on.

Snowing harder - the satellite TV just hit the skids – Come on June.

Bamboo Bend fund raiser & cook out 27 June after Grayrock wrap's up.

You will get a new water bottle this year.

The Fiberglass Forum is the same weekend at Warblers again. Nice event – well attended by wood guys too.

Here are the folks who have signed up for Grayrock so far.

Binney	Winston	Union	MI
Grady	Scott	Appleton	WI
